IOM is dedicated to promoting humane and orderly migration for the benefit of all. It does so by providing services and advice to governments and migrants.

Under the overall guidance of the Director for Migration Health Services in Geneva, the direct supervision of the Chief Migration Health Officer in IOM Moscow, and the supervision of the IOM Chief of Mission, the incumbent will provide health assistance to the migrants during all phases of their journey under IOM care, which would include medical escort, operational support, pre-departure health checks and general assistance such as seating, help with meals and attending to personal hygiene.

The Medical Escort is expected to carry out his/her duties in accordance with strictest moral and ethical standards and with due respect for gender and socio-cultural differences of the migrants. The Medical Escort is likewise responsible for having a valid external passport (validity of which should be not less than six months remaining):
